Hiring Manager
Community Services Organisation
Moreton Bay, Queensland

Administration Coordinator

APPLICATION FOR ADVERTISED POSITION

Dear Hiring Manager,

I am applying for the Administration Coordinator position because it aligns closely with my experience supporting operational teams, maintaining accurate records and coordinating reliable day-to-day processes in regulated environments.

Across more than fifteen years, I have worked in administration, health and safety support, office coordination and business operations. My work has required discretion, attention to detail and the ability to keep people, information and deadlines aligned.

RELEVANT FIT

I bring practical systems thinking, calm stakeholder communication and a strong record of building processes people can rely on.

I would welcome the opportunity to support your team with organised administration, thoughtful service and dependable follow-through. Thank you for considering my application.

Kind regards,

Danielle Evans
